***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/2/08 has been entered.

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. In light of the amendment filed 10/2/08, the 35 USC 103 rejection over Applicant's admitted state of the art (specification, [0002]-[0011]) in combination with Huggins (6,153,268) or JP 49-022119 further in combination with Mori (4,500,397) has been withdrawn.

***Allowable Subject Matter***

5. Claims 1-5 are allowed.

***Reasons for Allowance***

6. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or fairly suggest making a piezoelectric element comprising a piezoelectric film formed by gas deposition comprising ejecting ultra-fine particles of a piezoelectric material toward a substrate and applying a potential difference between the ejecting device and the substrate or between an electrode in the vicinity of the ejecting device and the substrate to apply an electric field to polarize the particles to form a deposited film with dipoles oriented in the direction of the electric field whereby the potential difference is provided by an external power supply and a current limiting circuit provided on the external power source or between the external power source and the ejecting device to prevent flow of excess current and eliminate electrical discharge. This prevents precipitation/decomposition of the piezoelectric material into a conductive film and not the desired piezoelectric film (specification [0030]-[0031]).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian K. Talbot whose telephone number is (571) 272-1428. The examiner can normally be reached on Monday-Friday 8AM-4PM.
